Proposed Annual and Bi-Annual Report Template

CCRCA Public Education Annual Report

Date: 2/17/18

Chairperson: Iris Andre

Committee Members: Jen Harms, Maureen Thompson, Joan Engel

Previous Year's Goals

To educate the general public about the Curly-Coated Retriever as a breed as well as the many aspects of owning a Curly by sharing that information at shows, seminars, events, and through online media and published material.

Progress Toward Goals

Due to scheduling conflicts and other variables, very little public education has been accomplished to date. The Public Education Committee attempted to be represented at Royal Canin National Dog Show but could not get enough volunteers at the end of 2017. The committee submitted an article for Show Sight Magazine representing the breed in late 2017.

2018 Goals

- Seek new venues to educate the public about Curly-Coated Retrievers and the CCRCA.
- Reinvigorate the committee and add representatives across the US to support education activities.
- Make a concerted effort to attend Meet the Breed at the 2018 AKC Royal Canin National Championship in Orlando.
- Make a concerted effort to attend a sporting show comparable to Pheasant Fest. 2018 Budget Request

Sincerely submitted by Iris Andre
